

Homely Planet Inter(net) Cultural Radio is a service to highlight the positive aspects of multiculturalism on Northern Ireland through music and cultural education. Homely Planet's vision is to show how people representing different cultures & religions contribute in a more positive way to the economic and social status of the country when we respect & have a better understanding of each others' diversity.

## 'future proof'

**A program looking at the role of government and political parties in the development of Northern Ireland, socially, culturally and economically.**

**Quotes from Future Proof radio programs will be posted on the Homely Planet forum, allowing people to have their say.**

**future proof**

if we are not making  
the same mistakes  
are we making all  
new ones?

**HOMELY PLANET**  
one language to be heard

"The phrase future proofing describes the elusive process of trying to anticipate future developments, so that action can be taken to minimise possible negative consequences, and to seize opportunities"
